CBD

Richmond Hill Center for
Business Development

GLOBAL BUSINESS EXPANSION SERVICES

We Provide Business Leadership

The Richmond Hill Center for Hi-Tech Business Development (CBD) assists Israeli (and other international) High-Tech companies seeking to access the North American market as part of their global expansion strategy. The Centre offers a wide range of business services designed to help successfully expand your product or service offering in the local markets as well as providing office space, meeting rooms, utilities & internet connections.

CBD IS A NOT FOR PROFIT COMPANY

To Clients in Search of North American Success

The CBD assists companies with local incorporation, access to funding, as well as hands-on assistance by subject matter experts in areas such as Business Development, Marketing, Sales, Project Management, Strategic Partnerships, Distribution Channels, Accounting, Finance, and more. The Center leverages its vast local and international network in connecting our clients with Academia, Health Centers, and other institutions for the purpose of continued research and product commercialization.
